

The U.S. Geological Survey provides the Nation with reliable, impartial information to describe and understand the earth. The Maryland-Delaware-District of Columbia WSC collects hydrologic data and conducts water-resources investigations in response to National, State, and local priorities through joint funding agreements with State, local and other Federal agencies.

Harborplace and The Gallery are at the heart of Baltimore's famed Inner Harbor. Set adjacent to the sparkling harbor waters, Harborplace and The Gallery is the place to shop, browse, snack, dine, enjoy and just be part of the excitement that is Baltimore. From across the harbor and around the world, millions annually enjoy Harborplace and The Gallery's eclectic, energetic and festive mix of more than 200 shops, restaurants, eateries and its hundreds of entertainment events annually. Just steps away are the National Aquarium, the Harborplace Amphitheatre, Maryland Science Center, American Visionary Art Museum and numerous fun "to-do's" for the kids from paddle boats to a carousel and an ice skating rink in the winter.
